Although the conformation of the breed resembles that of a light draught  
horse, Friesians are graceful and nimble for their size.  
Friesians have powerful sloping shoulders, compact and muscular bodies with  
strong hind-quarters.

### Hello Chartwell Community,

October was a fun filled month, thank you to all who came  
and enjoyed time at the yard with us.

Derby-day and the Halloween fun day were all a roaring  
success, and we are looking forward to more opportunities  
to have fun, social days.

I hope you have all noticed the Hot Beverage station in the  
Lapa.

In case you have not: there is Rooibos, Five Roses tea,  
Coffee and Hot Chocolate.

Please feel free to help yourselves and make a donation  
into our fundraiser jar. Our little piggie eats R20's!  
All proceeds will go towards keeping the coffee station  
stocked and to fundraising for the yard.

Keep your eyes peeled for new and exciting things to come.

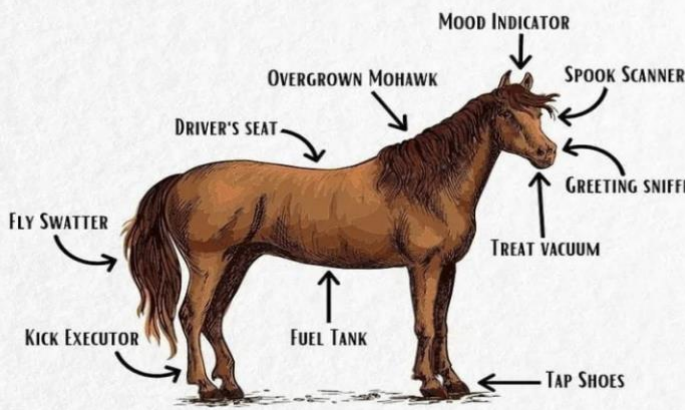

There is no greater privilege than being able to love a horse.

And no greater honor than being loved by one.
